## Guide for Fee Payment:

We now will cover additional students in your family through choosing the Fee Type, then selecting the appropriate quantity. For example, 2 Ninjas, select "Little Ninjas Yearly Fees", set Quantity to "2", add in the details (Student names and location) and proceed to checkout for payment.

All fees allow you to pay up to 4 students per family (where we cap the payment).

Please ensure the **student's names are included in the purchase** so we can easily identify whom the payment is for. We also require which center you train at so we can more accurately identify the student (as we have a lot of students to track).

Also please note we do not give refunds for fees, so please purchase carefully.

## Term Fees (Note discount only applies to Term Fees only):

For Term Fees, again change the quantity to match the number of students from your family. You still go to the relative "Ninjas Fees" or "Dragons Fees" category on the web store and now you have either Basic or Unlimited packages to choose from, select the number of students through "Quantity" in your order. You will see the relative rate per student shown as per pricing against 2, 3 or 4 students.

This is consistent with the way Yearly Fees work as well.

3 more things to Note:

1. We will discount the term fees a further \$20 if you pay before the start of term (ie by January 29<sup>th</sup>). Use the below redemption code when checking out to receive your discount.

REDEMPTION CODE **ZFRKDBTLQF2B** to redeem your \$20 saving.

2. PLEASE BRING YOUR PRINTED RECEIPT TO THE CLASS TO SHOW THE INSTRUCTOR YOUR FEES ARE PAID.
3. All existing forms of payment are still accepted and the rules for early payment will also apply. Cheques made out to RED DRAGON TAEKWONDO

Direct Deposit details now available on the webstore as a payment option
